

## **PRESS RELEASE**

### **ITALMATCH CHEMICALS attends the 2017 SPE International Conference on Oilfield Chemistry in Montgomery, TX, April 3-5.**

Montgomery, April 3rd - Italmatch Chemicals, a leading global chemical group specialized in the manufacturing and marketing of performance additives for lubricants, water & process treatment, oil and plastics, presents its Dequest® Water & Oil Additives specialty chemical portfolio at the 2017 SPE International Conference on Oilfield Chemistry hosted in Montgomery, TX, April 3<sup>rd</sup> to 5<sup>th</sup>.

In this important event for the industry served by the SPE, Italmatch will focus on upstream applications such as: Stimulation, Production, Drilling & Cementing, Acidizing, and Water Treatment (including Reverse Osmosis). Given Italmatch's decades-long experience and leadership in the sector, the advanced solutions offered for these applications include Scale Inhibitors, Corrosion Inhibitors, Friction Reducers and Biocides.

*"We are excited to take part to such an interesting conference hosted by the Society of Petroleum Engineers" commented Global Sales & Marketing Director, Mark Eysers. "Italmatch is committed to finding optimal chemical solutions for leading players in the various industries it serves. We look forward to exhibiting at the 2017 SPE International Conference on Oilfield Chemistry and participating in valuable technical sessions."*

Under the tagline "Specialty Chemical Solutions for Your Most Demanding Applications", Italmatch Chemicals can be found at booth 708. Feel free to stop by; representatives of our Sales & Marketing team will be there to discuss specific functional solutions to meet the most diverse needs.

*About Italmatch Chemicals:*

*Founded in 1997, Italmatch Chemicals, is a leading innovative chemical group, specialized in performance additives for lubricants, water treatment, oil & gas and plastics, and boasts a wide product range able fulfil the requirements of the most demanding applications, including personal care.*

*The group generates 340 million Euros in revenues and operates through six manufacturing plants in Europe (Italy, Spain, Germany and UK), four in Asia Pacific (China and Japan), two in North America (USA) and sales/distribution subsidiaries in Belgium, China, Japan, India, Poland, Singapore and the USA. It employs over 500 workers.*

*Ardian, the largest European independent private investment company, acquired the majority of Italmatch Chemicals together with the management in July 2014 and is committed to supporting the company's growth.*
